Our History

Established on January 1, 2006, in Riyadh, Saudi Arabia, Sinmar is a privately-owned general contracting company that operates primarily in the Kingdom. Over its history, Sinmar has gained significant success accomplishing residential, industrial, and commercial projects across the Kingdom of Saudi Arabia which has led the company establishing a distinguished reputation among the most reputable general contracting firms in Saudi Arabia.

Committed to innovation and continuous development, Sinmar has amazed valuable tangible and intangible assets. This strategic growth has not only enhanced operational reliabilities but also strengthened the company's trustworthiness in the industry.

Sinmar remains resolute in its commitment to a steady and diligent course, emphasizing perpetual dedication to its valued clients. With a focus on sustained growth and reliability, Sinmar maintains its prominent position in the Kingdom's MEP construction field.

➤ Mission & Vision

Mission

Sinmar enhances life quality across sectors by leveraging technical expertise, ensuring precise and on-budget project execution. Our success is measured by enduring client satisfaction, building long lasting relationships through a commitment to excellence in every project.

Vision

Sinmar aspires to lead in contracting, construction, engineering, and procurement services, setting a benchmark for excellence in the Middle East. We aim to be renowned for innovative and sustainable environments, exceeding client expectations and meeting diverse user needs.
